curtains.

INTRODUCTION

THE FOREST EASYFOLD SYSTEM® IS AN ADDITIONAL FEATURE OF THE DRAPERY HARDWARE SYSTEMS OF FOREST GROUP. IT COMPLIES FULLY WITH THE CONTEMPORARY DEMAND FOR ROUND AND FLUENT SHAPES IN DECORATIVE INTERIORS.

IT OFFERS NEW POSSIBILITIES FOR APPLICATIONS IN LARGE AND HIGH SPACES, SUCH AS LOBBIES, ENTREES, RECEPTION AREAS, CONFERENCE ROOMS, AUDITORIUMS, MEETING ROOMS, FOOD AND BEVERAGE OUTLETS ETC.

THE SYSTEM CAN BE INSTALLED ONTO ALL FOREST MANUAL, CORDED AND MOTORIZED TRACKS AND CURTAIN ROD SYSTEMS AND GIVES A MODERN AND SPECIAL FOLDING DESIGN TO THE CURTAIN.

SUCH A MODERN CURTAIN HEADING SYSTEM COMBINED WITH A SUITABLE FABRIC IS GUARANTEED TO BE A REAL EYE-CATCHER IN EVERY ROOM.

The system is designed so that the curtains **maintain their folding effect** from the moment they are dressed

WHAT MAKES THE FOREST EASYFOLD SYSTEM SO UNIQUE?

- » The smooth folding effect is always maintained whether the curtains are open or closed.
- » The system is designed so that the curtains maintain their folding effect from the moment they are dressed.
- » The simple, yet stylish design makes the curtains easier to make up.
- » The Easyfold heading stacks back neatly, taking up less space than traditional pleated headings.
- » The glider-cord is not visible when the curtain is fully closed.
- » Easy to take down and re-hang thanks to its detachable carrier-base.
- » Depending on the fullness selected the Easyfold system can be more economical than more traditional curtains. (up to 33% compared to a regular pencil pleat curtain)
- » Can also be used in horizontally-curved tracks. Examples of how Forest tracks can be bent in different situations:

HOW DOES THE FOREST EASYFOLD SYSTEM WORK?

- » The system is available in two types; **Easysnap with metal snaps** already fixed on the heading tape at a fixed distance, in combination with double sided Easysnap carriers; **Easyflex with pockets on the heading tape**, allowing for a flexible positioning of the hooks, in combination with Easyflex carriers.
- » Specially designed interconnected-gliders are contained within the curtain track.
- » This connection cord limits the extension of the curtain fabric, creating a smooth and continuous folding effect. When opened, the system enables the curtains to stack back neatly and straight.
- » Depending on the fabric type, a regular iron-on hem tape can be used with the Easyfold Tape at the top of the curtain to maintain a smooth appearance.
- » Transparent Easyflex tape with pockets allows for completely variable folds and any fullness desired, from 150% to 350%!
- » Easysnap Tape available in: white, black and transparent, in 10 cm and 15 cm spacing. Fullness options 180%, 200%, 270% and 300%.
- » Both Easysnap and Easyflex can be applied on all Forest curtain track systems.

EASYFOLD CARRIER AND TAPE REQUIREMENTS

	1 meter	2 meter	3 meter	4 meter	5 meter	6 meter	7 meter
	Qty	Qty	Qty	Qty	Qty	Qty	Qty

60% = 8,0 cm carrier distance
80% = 6,0 cm carrier distance
100% = 5,4 cm carrier distance

Wave depth 10,75 cm or 15,75 cm with Easysnap tape and carriers. Ceiling space required 10,75 cm or 15,75.

Wave depth fully variable with Easyflex tape and carriers. Ceiling space required is equal to the spacing between the hook placement in the Easyflex tape.

WORKROOM INSTRUCTIONS

Forest Group understands that many workrooms will have their own method of manufacturing curtains. This guide is intended to give you a suggested make up method so you get the best from the Forest Group Easyfold system. When using your own fabrics we suggest that sample curtains are made to determine whether;

1. It is suitable for use with Easyfold, and,
2. If so, which size of Fold is most appropriate.
3. How many Easyfold carriers are exactly required to make up a particular size track.

In general, stiffer fabrics tend not to lend themselves well to Easyfold since they struggle to hold the soft curves for the drop of the curtain.

Once you have confirmed your fabric is suitable you may want to consider using lead weight tape and curtain side weights for an improved finished appearance. The maximum weight that the standard Easysnap and Easyflex tape can carry is 10 kg per meter of track. However, individual track weight restrictions still apply. Easysnap Roller and Easyflex Roller have much higher weight limitations, consult the catalogue to see individual system weight graphs. This guide is based on using the recommended Easyfold component parts detailed on the next page.

FOREST EASYFLEX SYSTEM

The Easyflex system works with a 7,7 cm high transparent tape with pockets, one roll of 100 meters has 100 pockets. In the pockets you can fit the Easyflex hooks, which are the lower part of the Easyflex carriers. The carriers are available in 60% (8,0 cm), 80% (6,0 cm) and 100 % (5,4 cm) width. Easyflex endhooks are used to connect the curtain to the master carriers. The base of the first master carrier can be fixed onto the master carrier, to make sure the master carrier takes the curtain along with it.

FOREST EASYSNAP SYSTEM

The Easysnap system works with a range of snap tapes, in white, black or transparent versions. The stainless steel snaps are placed at fixed distances in the tape, with a distance from center to center of 10,75 or 15,75 cm. The carriers are available in 80% (6,0 cm) and 100 % (5,4 cm) width. The snaptool can be used to add snaps to the tape wherever required, for increased stability to the curtain when fixing it on an overlap arm or return pulley. The base of the first master carrier can be fixed onto the master carrier, to make sure the master carrier takes the curtain along with it.

COMPONENTS REQUIRED FOR EASYSNAP APPLICATION:

REGULAR SPACING, 10,75 CM, 850 SNAPS ON A ROLL

	Easyfold tape normal white	4810900000 91,44 mtr / roll
	Easyfold tape heavy-duty white	4810900010 91,44 mtr / roll
	Easyfold tape normal black	4810800000 91,44 mtr / roll
	Easyfold tape transparent	4810700000 91,44 mtr / roll

EXTRALARGE SPACING, 15,75 CM, 580 SNAPS ON A ROLL

	Easyfold tape heavy-duty white XL	4810900015 91,44 mtr / roll
	Easyfold tape transparent XL	4810700015 91,44 mtr / roll

	Easyfold Easysnap carrier 80% fullness	4812901080 500 pcs / roll
	Easyfold Easysnap carrier 100% fullness	4812901100 500 pcs / roll
	Easyfold Easysnap carrier 80% fullness black	4813906080 500 pcs / roll
	Easyfold Easysnap carrier 100% fullness black	4813906100 500 pcs / roll

	FES Easysnap 2 sided carrier white	4812001000 500 pcs / box
	FES Easysnap 2 sided carrier black	4812006000 500 pcs / box

	Easysnap CS/CCS/FMS mastercarrier overlap R/L	4815301000 15 Pcs / Box

	black	4815106010

Unless indicated otherwise, all other regular track components can be used for the Forest Easyfold System

COMPONENTS REQUIRED FOR EASYFLEX APPLICATION:

	FES Flextape transparent	4810700016 100 mtr / roll
	Easyflex white 60% incl flexhook (8,0 cm)	4812701060 500 pcs / roll
	Easyflex white 80% incl flexhook (6,03 cm)	4812701080 500 pcs / roll
	Easyflex white 100% incl flexhook (5,4 cm)	4812701100 500 pcs / roll
	Easyflex roller 60% incl flexhook (8,0 cm)	4812701260 500 pcs / roll
	Easyflex roller 80% incl flexhook (6,03 cm)	4812701280 500 pcs / roll
	Easyflex roller 100% incl flexhook (5,4 cm)	4812701300 500 pcs / roll
* Easyflex Roller can only be used in CS and CRS 28 mm tracks		
	Easyflex hook incl flexhook (8,0 cm)	4812801000 500 pcs / box
	Easyflex endhook nylon transparent	4812801010 1.000 pcs / box
	Easyflex mastercarrier 90° left	4815351090 15 pcs / box
	Easyflex mastercarrier 90° right	4815451090 15 pcs / box
	Easyfold plastic master straight overlap white transparent silver black	25 pcs / box 4815101010 4815101000 4815203010 4815206010
	Easyfold plastic master underlap white transparent silver black	25 pcs / box 4815201010 4815201000 4815103010 4815106010

DS-XL TRACK SYSTEM

ESPECIALLY DESIGNED FOR EASYFOLD APPLICATION:

	DS-XL Track 6 meter (19'8") white	3916101600 24 mtr / bundle
	DS-XL Klick ceiling bracket	3918301000 100 pcs / box
	PS/DS-XL Ceiling bracket swivel	3818200230 100 pcs / box
	DS-XL End cap	3916101000 20 pcs / box
	DS-XL End cap corded	3916201000 10 pair / box
	Plastic overlap L/R 90° Fits on all Forest Curtain Tracks	3916701000 25 pcs / box
	MTS/DS-XL Endstop	4516001000 100 pcs / box
	Cord 3mm on roll white	3830401000 200 mtr / roll
	CKS/DS-XL Cord connector	1530301000 100 pcs / box

EXPERIENCE AND QUALITY

The introduction of the world's first clickable curtain track system KS® Klick System and the Smart Klick® technology was the starting point for Forest Group to become one of the world's most reputable manufacturers of high end window treatment solutions. Over 25 years later Forest Group curtain track systems still represent the industry's standard due to ongoing innovation and constant focus on the highest quality.

WARRANTY

Whether sophisticated electric curtain systems, decorative channel rod systems or plain tracks, the combination of high end materials and precise manufacturing make it possible for Forest Group to provide a 10 year warranty.
